

Simple Search

Click on this link in order to bypass the search and go to a map of all of Cambridge.

→ Skip Search: City-Wide Map

Select this when only searching for an address. → ☒ Simple search ☐ Advanced search

Enter the street number for the address of interest here.

Street Number:

Street Name: → Select the street name for the address of interest from this drop-down list.

Map It!

Once the search form has been filled in, click on the "Map It!" button to verify the address is a valid one. If the address is invalid, a list of suggested addresses will be returned.

Advanced Search

Select Advanced search to look for things around an address.

→ Skip Search: City-Wide Map

☐ Simple search ☒ Advanced search

Choose the type of search from this drop-down list. "Find All" will look for things within a radius around an address. "Find the [one, two, three, or four] nearest" will find the closest one, two, three, or four things to that address.

Find all Buildings → Select the type of thing you would like to find around the address of interest.

Within: within 0 ft of → If "Find All" was selected in the first drop-down, you may enter a radius in this box to search within.

Street Number:

Street Name: → Select the street name for the address of interest from this drop-down list.

Map It!

For the address of interest, enter the street number in the text box and select the street name from the drop-down list.
